- CD/CD-MP3-/WMA Playback, RDS FM tuner with 40 presets
- Low power consumption with 0.4 Watt stand-by

## Boombox

Sharp's new Boombox offers stage-like power sound and wide connectivity. Connect your iPhone/iPod to its central docking station which includes a dust and protection cover (to avoid damage to your iPhone). Excellent sound, easy to use, high quality material/finish and great connectivity creates an excellent portable HiFi-Audio system. Enjoy Sharp's new iPad2 / iPhone / iPod compatible Boombox system with its extra ordinary "boombastic" sound. Listen to your favourite songs while connecting and charging your iPad2/ iPhone/ iPod, or your portable music player (via USB-Host 2.0). Enjoy your music from a CD/CD-MP3-/WMA, or from the built-in RDS FM tuner with 40 presets. The ASPM function will search and memorise easily all available radio stations of your region. The bass speakers will flash in orange to the rhythm of your music, while the strong 100 Watts RMS digital amplifier will supply full dynamic power (1,250 Watt PMPO). You can easily carry the boombox (7.3 kg, shoulder strap included) and it can run off batteries (8x D-Type, UM/SUM-1, R-20, HP-2). If you want to use the boombox in your car, the unit has got a 12 V DC input terminal too.
