

Dolby C Noise Reduction for Superb Sonic Clarity

The performance of the TC-FX5C is superlative. It reflects the latest in tape technology aimed solely at reproducing music with consummate ease and utter faithfulness.

OUTSTANDING FEATURES

- Introducing Dolby C: effectively doubles the noise reduction and extends the frequencies at which noise is reduced
- Feather-touch controls respond to the slightest finger contact for fast, effortless function selection

CONVENIENCE

- Memory counter brings tape to stop and play at any pre-selected spot
- Auto play offers automatic transfer from rewind into play
- Auto Space/Rec Mute for an interval of silence between selections
- Optional remote control (RM-50) and wireless remote control (RM-80) permit operation from your easy chair
- Synchronized operation possible with selected Sony turn-

tables, using the optional RM-65

- Fast, 16-segment LED peak program meters, with Double Indication peak hold, for precise readings of recording levels
- Unattended recording and timed wake-up possible with an accessory timer

TECHNOLOGY

- Sendust and Ferrite (S&F) record and playback head for long life and metal tape capability
- Two-motor tape drive with DC servo control for accuracy and reliability
- Anti-resonant flywheel to minimize modulation noise
- Dolby B is included to play tapes previously recorded in this mode

TC-FX5C

RM-80 Remote Control Unit shown is optional.
