

Exceptional Convenience, Exquisite Performance

The Sony TC-FX6 achieves new levels of versatility and convenience. Its superior performance makes it ideal for a broad spectrum of music systems.

OUTSTANDING FEATURES

- Digital Linear Counter of playing time, for the most precise index of tape location available. Count remains accurate even in fast-forward and rewind
- Automatic Music Sensor (AMS) locates, and plays a selection at your command

CONVENIENCE

- Feather-touch controls respond to the slightest finger contact for fast, effortless function selection
- Memory counter brings tape to stop, play, and repeat at any preselected spot
- Auto play offers automatic transfer from rewind into play
- Auto Space/Rec Mute for an interval of silence between selections
- Optional remote control (RM-50) and wireless remote control (RM-80) permit operation from your easy chair

- Synchronized operation possible with selected Sony turntables, using the optional RM-65
- Fast, 16-segment LED peak program meters, with Double Indication peak hold, for precise readings of recording levels
- Unattended recording and timed wake-up possible with an accessory timer

TECHNOLOGY

- Sendust and Ferrite (S&F) record and playback head for long life and metal tape capability
- Dolby B noise reduction with Sony's exclusive Dolby IC
- Two-motor tape drive with frequency servo control for accuracy and reliability
- Linear Torque BSL (brushless, slotless) capstan motor eliminates "cogging" and assures smooth travel
- Anti-resonant flywheel to minimize modulation noise
