

KD-V200 A Solid Deck with Several Surprising Extras

Logic Control Cassette Deck

- Dolby B/C noise reduction systems for low-noise recording and playback
- Logic control tape mechanism for soft-touch operation
- LED tape running indicator shows tape mode at a glance
- JVC Metaperm head for excellent results with all tape types including metal
- 6-LED multi-peak indicators, one set per channel
- Music Scan System to locate songs in a flash

The KD-V200 is a solid performer that offers several surprising features not often found in decks in this price range. For instance, Dolby B/C noise reduction, the highly effective hiss eliminator, and a logic control mechanism to make operation easy. And Music Scan to quickly locate the beginning of

the next or preceding selection instantly. The KD-V200 — a top value at any price.

- LED Dolby C NR and recording indicators.
- Slider input level controls.
- Automatic input selector.
- Mike and headphone jacks.

KD-V100 Fine Performance Makes This One of Our Most Popular Models

Logic Control Cassette Deck

- Logic control tape mechanism for soft-touch operation
- JVC Metaperm head for excellent results with all tape types including metal
- ANRS/Dolby noise reduction for clean, clear recordings
- 6-LED multi-peak indicators, one set per channel

This model will undoubtedly be one of our most popular models ever thanks to its design emphasis on performance. It has a logic control mechanism to make operation easier and protect tapes, a JVC Metaperm head for top recordings from all tape types including metal, and ANRS/Dolby noise reduc-

tion for hiss-free recordings. Whether your system is an economy or top-of-the-line system, the KD-V100 is an excellent addition.

- Automatic input selector.
- Mike jacks.
- 3-digit tape counter.
- Gear/oil-damped cassette lid.
