How would you like to win every one of these 12 fantastic prizes?

All you have to do is imagine you're a New Wave rock star. What could be easier?

Just take a look at the questions we've set. Each one has three possible answers.

All you have to do is select the one that you think is the most original and witty.

If you choose the same ones as our panel of judges, you could be well on the way to winning first prize.

And that's one of everything you see on this page – apart from the band of course!

You pick a name, we pick the winner.

We've illustrated here an imaginary new wave chart topping group.

What we'd like you to do next is think up a name for them.

If you have answered the questions correctly, the name which our judges think is the most original and apt will decide the winner.

Look for your entry form in December's Smash Hits.

When you think you've got all the correct answers – including the band's name – rush out and buy the 8th or 22nd December issues of Smash Hits. Because that's where you'll find the only official entry forms to this unmissable competition. And don't worry if you're not lucky enough to win the incredible first prize....

You could still be one of the 9 runners-up who will receive a prize selected from the ones shown here – these are listed in full below and in the special issues of Smash Hits.

There are also a fantastic 40 consolation prizes.

So, if you think you've got what it takes to be a star, what on earth are you waiting for?
